

At the forefront of the environmental market

Using the latest generation LED spotlight technology, the Zodiac LM84 GU10 is the first of its kind to be approved for use in the NSW HEER residential program. Exceeding an incredible 100 lm/W and at 500 lumens, it offers unprecedented energy efficiency and brightness.

The LM84 GU10 LED is a quick and easy lamp replacement for existing 35W and 50W halogen GU10 lamps, or can be installed with an optional GU10 conversion cable by your electrician to replace existing 12V halogens & transformers.

Model No	Wattage	LCP	Lumens	Efficacy	CCT	Dimmable
EP-GU10-530	5W	4.73W	500	106 lm/W	3000K	No
EP-GU10-530D	5W	4.77W	500	105 lm/W	3000K	Yes
EP-GU10-540	5W	4.67W	500	107 lm/W	4000K	No
EP-GU10-540D	5W	4.59W	500	109 lm/W	4000K	Yes

Emerald Planet has been working at the forefront of the environmental market since 2006. Emerald Planet was originally founded with the vision to reduce greenhouse gas emissions by utilising energy efficient products. Emerald Planet was involved with the NSW greenhouse Gas Abatement scheme (GGAS) from 2006 and partnered in the giveaway and installation of over 15 million CFL globes across NSW to December 2008.
